**Re: Telecommunications Carrier's Use of Customer Proprietary Network Information and Other Customer Information, CC Docket No 96-115.**

Dear Ms. Dortsch,

Alan Simpson, Guilherme Roschke, and Jillian Oberfield, of Common Sense Media, together with Common Sense Media Board Member, Deborah Taylor Tate, met with Commissioner Ajit Pai and Matthew Berry, Chief of Staff, on July 19, 2012.

During the meeting, Common Sense provided the Commissioner and Mr. Berry with a courtesy copy of the recent Common Sense Media comments in this docket, filed on July 13<sup>th</sup>. Additionally, Common Sense Media stressed that privacy protections in mobile devices are important to parents. Parents often purchase mobile devices for their children for safety reasons – so they can be reached at school, or in case of emergencies. Parents expect these devices to keep their children's data safe as well.

Sincerely,

Guilherme Roschke  
Policy Counsel
